

The Thomas range of circular sawing machines has been manufactured in Italy since 1957. High quality components and attention to design has resulted in a truly heavy duty machine, well able to withstand the intensive use of today's busy workshops. These machines are available with or without a pedestal base and are fitted with a two speed motor and a coolant pump as standard.

Machine Features

- Pull down design
- Anti-burr offcut clamp
- Mechanical coolant pump
- Mitres 45° left and right
- Quick lock vice
- 240V models available with single speed motor

Optional Equipment

- Pedestal base
- Roller track and measuring systems
