

Magnetic Drilling Machines

The Euroboor ECO.36 magnetic core drilling machine is the lowest drilling machine in the market, measuring only 165 mm in height. This magnetic core drilling machine is perfect for drilling in spaces with limited heights such as H-beams, steel structures, plates, profiles, etc. The portable ECO.36 is equipped with a powerful magnet, user friendly quick connect cutter fitment system, and easy release / lock feed handle for both left and right operation.
